Find a Practitioner

PLEASE NOTE:

1) In order to use the distance parameter (within a certain range of miles), you MUST enter a zip code.

2) If a 100-mile radius search returns an error, use a 50-mile radius to get accurate results.

;(function($) { "use strict" var has_submitted = false; jQuery('form#mod_SearchFormPage > .mc-button').on('click', function(){ if(has_submitted){ return false; } var $btn = jQuery(this); $btn.prop('disabled', true); jQuery('form#mod_SearchFormPage').submit(); has_submitted = true; return true; }); }(jQuery));
